

If you can Believe

Pastor Nicholas James

- Believing is a choice
- Faith is decision to trust God and His even when circumstances are against you.
- What we hear determines whether we grow in faith or drift into doubt. (Romans 10:17)
- Faith is alive, it moves it is not passive.
- God moves when we move. (Genesis 6:14)
- Doubt limits God's movement in our lives.

How to confront:

Fight it with scripture

Fight it prayer

- Faith must be sustained and aligned.
- Faith is not about weak results.
- Delays test our trust in God.
- Genuine faith stands the test of time.
- Potent faith is sustained faith, even when things seem not to be working.

Breakthrough comes when;

- Faith is real.
- Faith is obedient.
- Faith is persistent.
- Faith is Aligned with God's promise.
- Speak in agreement to God's and take action in obedience
- Confront doubt don't pretend things are working
- Keep believing until you see results
